

Useful information on MTPL insurance for owners of vehicles registered in Ukraine

For vehicles registered in Ukraine, as well as for vehicles registered in any other country, the MTPL insurance is mandatory in order to be able to drive on the Romanian territory and the documents proving this can be:

- a **Green Card insurance** issued by an insurance company that is a member of the Green Card Bureau of Ukraine and valid in Romania, printed on paper or presented in digital format (on mobile phone, tablet, laptop, etc.)

or

- a **frontier insurance** issued in any other EEA Member State or in Switzerland.

For vehicles registered in Ukraine that are uninsured for MTPL and cannot prove this with a document such as one of the above mentioned, a frontier insurance must be purchased in Romania.

Frontier insurance in Romania can be concluded with the insurance companies Euroins România Asigurare - Reasigurare SA or Omniasig Vienna Insurance Group SA, with their contact details:

In order to take out frontier insurance, the person concerned must provide to the insurance company a copy of the registration certificate of the vehicle for which insurance is requested and of the identity card of the driver/owner.

Frontier insurance is sold for a period of 30 days and is valid in all the Member States of the European Economic Area and Switzerland from the day following the day on which it is taken out.

For the conclusion of MTPL or border insurance in the territory of other countries, we recommend to the interested persons to seek for information on the websites of the National Green Card Bureaux of those countries.
